

THE EVENING NEWS

DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 5.

ADA, OKLAHOMA, SATURDAY EVENING, FEBRUARY 3, 1912

NUMBER 258

\$125,000 FEDERAL BUILDING FOR ADA

SENATOR GORE INTRODUCES BILL TO PROVIDE ADA WITH \$125,000 BUILDING.

The News is in receipt of a copy of the bill introduced by Senator Gore to erect a public building at Ada. The bill carries an appropriation of \$125,000 and if it is enacted will give Ada a postoffice building of which any town may well be proud.

Senator Gore has always been a warm friend to Ada and has made two or three attempts to secure an appropriation for a public building, but with the republican majority in the senate he has had rough sailing. The citizens of Ada should get busy and do all the aid possible in passing the present bill.

Moving Pictures in Schools.

In an article entitled "Education by Moving Pictures," Walter Prichard Eaton says, in part:

"Already private schools are installing projecting-machines. A new public-school building in Connecticut has a special motion picture hall attached. And elsewhere the attention of educators is turning seriously to this new weapon of instruction.

"The University of Wisconsin, however, has gone a step further, and has taken definite measures to incorporate the moving picture machine into its educational extension work."

For anything to read go to the Model Confectionery or Harris Hotel Cigar Stand. 196-ff

Booze Hauled in From Kansas.

Oklahoma City, Ok., Feb. 2.—That liquor is being shipped to Caney, Kan., and then "freighted" across the state border into Washington county is the report made to the Attorney General's department by J. R. Ray, county attorney at Bartlesville. Ray says the shipments are guarded sometimes and personal violence is threatened against any one who might interfere. He wants to know whether that is a violation of law.

Assistant Attorney General Moore replying today said that in view of the recent decision of the circuit court of appeals in the Fort Smith liquor case, it was a violation of a congressional act to take intoxicating liquors into what was formerly Indian Territory by inter-state commerce, and would remain so until revised by the supreme court of the United States on appeal. Liquors going into that district, the department told Ray, were not protected by inter-state commerce laws, but immediately became subject to the prohibition laws of the state.

TELEPHONE CASE WILL BE HEARD FEBRUARY 13.

The complaint of J. W. Bolen et al. against the Pioneer Telephone Co. is set for hearing by the corporation commission for February 13. The case is the first on docket for the day and as Commissioner Henshaw was here sometime ago to take evidence, it is probable that an order will be made reducing the rates when the case comes up for final determination. It is more than probable that such action will mean a suit with the phone company, and the Ada case will become a precedent in making rates hereafter.

SENATOR GORE VISITS IN ADA

BLIND STATESMAN WILL PUSH BILL FOR PUBLIC BUILDING FOR ADA.

Senator T. P. Gore arrived in town last evening and remained until 11:30 this morning shaking hands with his friends. The Senator was in his usual happy mood and expressed his pleasure at meeting his many Ada friends again. In regard to the bill for a public building for Ada that he has introduced in the senate he said:

"Although the action of the democratic caucus in the house does not look very favorable to a public building bill, if one is passed at this session you can rest assured that Ada will be included."

When asked about a report appearing in the Muskogee Phoenix and Oklahoma to the effect that he had been subjected to discourtesy at the hands of Clark and Harmon men at Muskogee, he pronounced the whole thing a fabrication, saying that they had not only extended him every courtesy, but that one of the leading Harmon men had invited him to address the Young Men's Democratic club, an invitation he was obliged to decline in order to make a train.

Senator Gore is touring the state in the interest of the Wilson presidential boom, although he is making no speeches. From here he went to Coalgate. He thinks Wilson is certain both of the nomination and election. Unlike many men in public life, Senator Gore has a deep sense of gratitude, and this morning took occasion to say that he has not forgotten the fact that Pontotoc county gave him a majority of over 700 votes at a time when he needed them badly.

MENINGITIS SITUATION

NO NEW CASES AROUND ADA—INDIAN BOY DIES NEAR FRISCO.

Claud Price has been suffering considerably from a cold during the past two or three days, and yesterday afternoon a rumor gained currency to the effect that he was suffering from meningitis. A number of people phoned to inquire about it, but were informed that there was no foundation for the story. No new cases have been reported in Ada, and Dick Jones, four miles north of town, is on the road to recovery.

Dr. Truax was in from Frisco this morning and reports that Jackson Porter, an Indian boy about thirteen years of age, died yesterday from the disease, which had attacked him the day previous. This was the only case he had heard of in that section with the possible exception of a little girl in Stonewall, who had possibly suffered from a light attack.

Italian Aviator Shot.

Tripoli, Feb. 2.—While throwing bombs from an aeroplane into an Arab encampment near Tobruk, in Cyrenaica, Capt. Monte, an Italian military aviator, was severely wounded today. Outposts of the Italian force at Tobruk, which was occupied by the Italian expeditionary army in October, has been subjected recently to a number of harassing attacks by the Arabs, whose position and strength were not known to the Italian commander.

Capt. Monte today made a flight with another military aviator, who acted as observer, into the desert, and discovered the Arab encampment. He threw several bombs among the enemy, who responded with rifle fire. The aeroplane was struck four times by the Arab bullets, one of which hit Capt. Monte, wounding him severely. He, however, was able to return to camp with the assistance of his companion and both landed safely, bringing valuable information.

Serves You Right. Jones Drug Co. 151-df

Fourteen Drowned in Submarine.

Portsmouth, Feb. 2.—Another of the unfortunate class A submarines of the British Navy, two of which had sunk previously and on board two others of which various members of the crews had been killed or injured in explosions, went to the bottom of the sea today at the entrance to Spithead with a loss of fourteen lives—four lieutenants and ten members of the crew. Not one of the ship's company escaped.

Result of Collision.

The disaster was the result of a collision with the British gunboat Hazard, which rent a hole in the side of the submarine "A-3." The submarine was engaged with a flotilla of sister ships in practicing evolutions and was just coming to the surface after a dive when the Hazard, proceeding at a good rate of speed, struck her.

The submarine filled and sank instantly. Plenty of assistance was speedily at hand by means of wireless calls from the Hazard, but there was no chance to save any of the men.

NO NEW YORK GIRL FOR COL. ED GREEN

San Francisco, Feb. 3.—Col. Edward Howland Green of Texas, son of Hetty Green of New York, arrived here today, heralded as "a man who wants to marry a woman, not a clothes horse."

"Children are the last thing they want," he said of New York women. "None of them know how to cook or sew. And they would deny that their good old homely grandmother knew how to wash clothes."

Asked if leap year might not seal his fate with some western girl qualifying on domestic lines, he said: "It may be. I'm but human."

JUSTICES OF PEACE ENTITLED TO FEES

In an opinion from the office of Attorney General Charles West to W. D. Buckley, LeFlore county attorney, it is held that justices of the peace and constables are allowed fees by the county both in misdemeanor and felony cases, but the justice of the peace before either he or the constable is entitled to any fees from the county, must submit the claims to the county attorney, and secure his indorsement to the warrant issue. If he fails to do so he must look alone to the defendant or prosecuting witness respectively for costs in the conviction or acquittal.

In an opinion to Thomas Caswell of Krebs, the attorney general holds that any city official appointed to fill a vacancy caused by the death, resignation or removal of an elective officer can hold on for the balance of the unexpired term for which his predecessor was elected.

The Nurse Knows What the Baby Needs

We have all kinds of food for the baby as well as syrups, back bandages, etc. Our Horlick's Malted Milk is the best on the market and after one trial you will use no other. Remember, if it is to be found in a drug store, we have it. Phone No. 6.

Shoes by the Year

Wise Men and Women do not buy shoes by the pair—they buy by the year. They figure on paying so much per annum for their footwear. We like to cater to people like that. It means that we have to deliver the quality—and quality is our strong point.

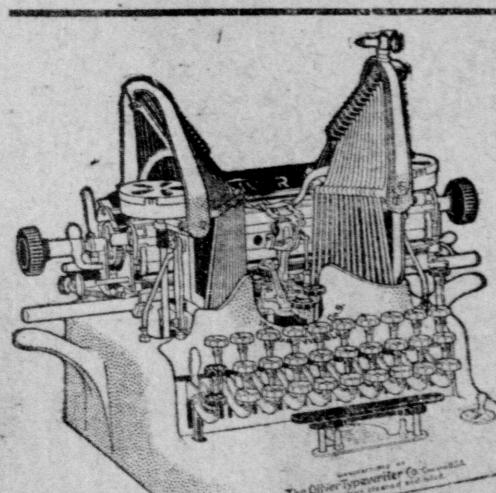

Only the highest quality foot wear is therefore carried at this store in the latest styles.

Whether you buy shoes by the year or by the foot we can satisfy you—give you all the quality and style that is possible to secure at the price you pay.

Come in today and let us show you a few of these pairs.

ANNOUNCEMENTS

The News is authorized to announce the following gentlemen as candidates for the offices named, subject to the action of the Democratic primary in August.

Register of Deeds
D. W. SWAFFAR

For Justice of the Peace, Ada, Present:
H. J. BROWN

Unless our memory has failed us, the Oklahoman has made a mistake in placing the name of John M. Burke in the republican column on its straw ballot for president. Unless we are mistaken, Burke is a democrat but was so popular that he was elected governor of North Dakota for two terms. Some one please tell us who is wrong?

And now Joe Folk of Missouri comes out with a statement in which he ascribes his inability to make headway as a presidential candidate to the influence of the bad corporations, and advises all who will not support him to get into the Wilson land wagon. This corporation always furnishes a defeated candidate good excuse for losing out, but it has been worked so much of late years that it is about threadbare. Joe's main trouble is simply a lack of votes.

Anyhow, Ed Perry is the General of Oklahoma republicanism. He tried to stampede the Oklahoma postmasters away from their Taft jobs, and a man who tries to get up enough enthusiasm to make a republican post master turn loose from his job, just for cold or hot patriotism, is indeed brave. Let it be scratched down into history that Mr. Perry is indeed brave. Perhaps it would have been better had he indulged in a game of draw poker, where the other fellow might at least allow him to draw cards, but it must not be said the Coalgate man fled from danger. No sir.—Hugo Husonian.

The Oklahoma Pioneer is highly indignant because democratic papers have been publishing quotations from

OFFICE:—REAR FIRST NATIONAL BANK BUILDING

FIVE JURORS SELECTED FOR SNEED TRIAL

Fort Worth, Tex., Feb. 1.—Rapid progress was made in procuring a jury in the Seventeenth District court today for the trial of J. B. Sneed, charged with the murder of A. G. Boyce, Sr. Out of fifty-one special veniremen who answered to roll call a total of five jurors was obtained before the last man was examined and these were locked in the jury room. Two were accepted yesterday and three today. The state exhausted six of its peremptory challenges and the defense four of the total of fifteen each allowed by law.

Another special venire of 125 was ordered summoned by the sheriff for Saturday morning. The first venire was drawn from the wheel: the defense asked that the second be obtained from the same source, but the court ruled as it was a new departure in the proceedings he would not grant the motion. He gave special instructions to the Deputy Sheriffs, however, to go to the country away from the court house and summon only the best men to be had. Great secrecy in their movements was also urged and a special oath was administered to the officers by the court.

From morning until 3 o'clock today the time of the tribunal was consumed in the examination of veniremen. From 3 o'clock until 4:30 argument was heard on defense's motion to draw the names of additional veniremen from the jury wheel. Shortly before 5 o'clock court continued the case until 9 o'clock Saturday morning.

He Likes Ada.

A short time ago H. J. Perkins, an attorney of Batesville, Miss., was in Ada on a prospecting trip. After going over most of the state he writes his friend, F. C. Sims, as follows: "If nothing happens to change my present idea, it is my intention to leave here, probably sometime next week, for Ada. I think you have the best town in Oklahoma—at least I liked it better than any that I saw. As I told you when there, the question of health for my family is the controlling factor in the selection of home, and I think Ada offers advantages in that line.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of 75, while our mothers have white hair before 50. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of souring quickly. This objection has been overcome, and by asking almost any first-class druggist for Wyeth's Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

Get a bottle from your druggist today. Use it and see for yourself how quickly dandruff goes and gray hairs vanish.

This preparation is offered to the public at fifty cents a bottle. Special Agents, Gwin & Mays Drug Co.

"LET THE WOMEN DECIDE," SAYS TEDDY

New York, N. Y., Feb. 3.—"I believe in a woman's rights, wherever women want it," says an editorial by Theodore Roosevelt in the current issue of the Outlook.

The article continues, "I heartily believe in equality of rights between man and woman but also in a full and emphatic recognition of the fact that normally there cannot be an identity of functions."

"Where women do not want suffrage it should not be forced upon them. I think it would be well to let the women themselves, and only women, vote at some special election as to whether they do or do not wish to vote.

"I do not regard the suffrage movement as anything like as important as either of its extreme friends or extreme opponents think. If the movement is judged only by those advocates who discredit themselves and their sex by disorderly antics in public, I should certainly oppose it.

"I pin my faith to women suffragists of the type of the late Julia Howard Howe, one of the foremost citizens of our republic."

HEARD IN ADA.

Bad Backs Made Strong—Kidney Ills Corrected.

All over Ada you hear it, Doan's Kidney Pills are keeping up the good work, curing weak kidneys, driving away backache, correcting urinary ills. Ada people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Ada citizen's advice and give Doan's a chance to do the same for you.

Mrs. J. H. Baker, 304 W. Sixteenth St., Ada, Okla., says: "I have found Doan's Kidney Pills very beneficial for use in case of backache and kidney trouble and I willingly recommend them. They did me a great good and I feel sure that they will benefit any one if taken according to directions."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

WILL OPEN NAVAJO

INDIAN RESERVATION

Guthrie, Ok., Feb. 3.—The local government land office received notification from the Interior Department today that the Navajo Indian reservation site, in Southwestern Oklahoma, a total of sixty sections in five townships, is to be thrown open to settlement under the homestead laws, April 10. Warning is given that the land is not subject to entry, filing or selection prior to that date. The manner of the opening is not yet known.

Pension Bill Passes House.

Washington, Feb. 2.—The pension appropriation bill carrying about \$152,000,000 passed the house today by a vote of 245 to 33 votes. The provision excluding pensioners who live out of the United States was defeated, 160 to 133. The bill abolishes seventeen pension agencies.

Correspondence Dropped.

The spirit of economy prompted a local man to buy a round trip ticket when he went to Oklahoma City. Coming home the crowd was large and the conductor failed to take up the ticket. Hard times came and the man sat down the other day and wrote to the general office for a refund on the ticket. He received a letter asking why the ticket was not used. It is understood that the correspondence will be dropped.—Chickasaw Express.

Mrs. Morrison Entertains.

Thursday afternoon Mrs. W. S. Morrison entertained a large number of guests in honor of Mrs. Alleman of Huntington, Ind. Forty-two was the principal feature of the afternoon's entertainment, and eleven tables were filled with the players of this popular game. At the conclusion of the games dainty and delicious refreshments were served.

Mrs. Elmore returned to her home at Sulphur this morning. She was accompanied by her daughter, Miss Mae, who will spend Sunday at home.

Ruling on Prohibition Laws.

Attorney General West Friday gave his views on the prohibition enforcement situation on the east side of the state, as complicated by the recent decision of the United States circuit court of appeals, in an opinion to County Attorney J. Robert Ray of Bartlesville, who states that large quantities of liquor are being consigned to Caney, Kas., and then hauled across the state line under heavy guard, claiming the protection of interstate commerce.

The opinion states that under the court of appeals ruling liquor shipments into former Indian Territory are not protected by interstate commerce; that under that decision introducing is a federal offense and therefore a matter for the attention of the federal authorities, but that if such liquors are used, handled or transported with in the state in violation of the prohibition law, the matter then becomes one for state cognizance.

Another opinion on liquor matters is addressed to the governor, who had sent to the Attorney general a telegram from Clifford L. Jackson, general attorney for the Katy road, stating that Enforcement Officer Caudill was at Ada, demanding the right to search depots and transportation companies for contraband intoxicants liquors. It is held that search can be legally made by the state enforcement officer if armed with a search warrant, but not without it.

The Englishman Again.

An English actor was traveling with an American company in the states, and won his way into the heart of every member by his kindly courtesy and quiet consideration. One of the ladies, wishing to find out if a sense of humor was also one of his virtues prodded him to the following conundrum:

"Which dies the harder, a sculptor or a barber?"

The Englishman gave it up, and she replied:

A sculptor, because the barber cuts up and dies, but the sculptor makes faces and busts."

The Englishman laughed, not boisterously, but that she attributed to his well-bred reserve, and decided in his favor. Later in the evening he came to her and said:

"Miss F., would you mind if I told you something?"

"No," she answered.

"I would not hurt your feelings," he went on in his delicate way, "you American ladies are so charming; but you do make some peculiar grammatical errors. That conundrum, now. You know, it isn't busts, it's busts."

Indian Bones Found.

Last week while digging post holes on his farm west of Stonewall, Garland Babb dug up the bones of what he supposed was that of an Indian chief that had probably been buried centuries ago. On the arms were brass bands that were worn by Indian warriors and a hatchet or "tomahawk" was found near his side. Mr. Babb says that it had evidently been buried there for many years.—Stonewall News.

"ALFALFA BILL"

Hon. Wm. H. Murray

Will Address the Citizens of Ada

SATURDAY EVENING, FEB. 3

AT 7:30 AT THE COURT HOUSE

He will discuss the candidates for the Democratic nomination for the presidency with reference to the following reforms:

1. The Tariff
2. Currency and Banking Laws
3. Gambling in Crop Futures
4. Settlement of Indian Affairs
5. Federal Judiciary
6. Non-Interference with State Police Powers by Federal Powers

Everybody Come out and Hear Him

S.S.S. RIDS THE SYSTEM OF CATARRH

Catarrh is a blood disease which causes a general inflammation of the inner linings or mucous membranes of the body. The diseasing of these delicate surfaces and tissues produces all the well known symptoms of the trouble, such as ringing noises in the head and ears, tight, stuffy feeling in the nose, pains above the eyes, irritation of the throat, sometimes slight fever, and a general feeling of weakness and ill health. Even the lungs become affected by the continual passage of impure blood through them, and there is danger of consumption if the disease is allowed to remain in the system. S. S. S. cures Catarrh because it purifies the blood. It goes into the circulation and removes every particle of the catarrhal matter, making this vital fluid pure, rich and healthy. Then the inflamed membranes begin to heal, every symptom disappears, the constitution is built up and health restored. S. S. S. rids the system of catarrh by attacking the trouble at its head and entirely removing the cause from the blood, thus making a permanent and lasting cure. S. S. S. is made entirely from health-giving roots, herbs and barks, and for this reason is an especially safe and desirable medicine. Book on Catarrh and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

GOVERNMENT WILL AID DROUGHT SUFFERERS

Washington, D. C., Feb. 30.—Uncle Sam has practically agreed to come to the relief of the citizens of Jefferson county, Oklahoma, who are the victims of three successive droughts. They are in dire financial straits and in many cases so poverty stricken that they are barely eking out an existence.

Samuel Adams, assistant secretary of the interior, has notified Senator Owen, Representative Scott Ferris and others interested in the case that if the state banks of Jefferson county will pool together and pay for an investigation of the institutions by an accredited agent of the department they will be named depositaries for the Indian funds derived from the sale of the unallotted lands. It is suggested that no one bank shall have more funds than the amount of its capital stock and furthermore it must furnish surety bonds.

Representative Ferris has wired to all the banks in the territory affected and these have agreed to meet the

cost of an investigation of their affairs.

The situation in Jefferson county as reported in Washington is serious. The drouths have caused crops to fail consequently hundreds of farmers have been unable to pay their mortgages, and some who have mortgaged their wagons, crops and household goods have spent the money derived and as a result face actual want.

The banks of the section have refused to foreclose on much of the mortgaged property simply because their doing so would render them less liable to ever receive the money due them. For this reason the banks desire the use of government funds to tide them over the critical situation and enough to aid the farmers in their distress.

If the experiment of placing the funds in the state banks proves successful the Indian funds may be placed with all state banks in the territory of the Five Civilized tribes.

ADA SOCIAL EVENTS.

Twenty-fifth Century Club

The Twenty-fifth Century Club will meet with Mrs. Biles, February 6. Topic: Egypt.

Roll Call: Items about any of the Pharaohs.

Talk: Queen Hatasu—Mrs. Barney. Glimpses into Northern Egypt—January Magazine—Leader Mrs. Wilson.

Talk: Housekeeping in Africa—December Magazine—Mrs. Steed.

Mrs. King Entertains 500 Club.

Wednesday afternoon Mrs. I. M. King was hostess to the 500 club. Guests other than members of the club were Mesdames Hunter, Reed, Floyd, Higgins, Blinn, Miss Parrish and Mrs. Alleman of Huntington, Ind. Mrs. Norris made the high score.

After the games a delicious salad course was served the guests.

Birthday Party.

The home of Mrs. T. M. Taylor was a scene of pleasure on Tuesday afternoon, where Susie entertained a few of her friends with a party in honor of her 18th birthday.

Games were played throughout the afternoon, music was furnished by some of the little folks, and a dainty three-course luncheon was served.

Those present were Mildred Reed, Willie Tom Truett, Louise Hardin, Lillian Faust, Mattie Stubblefield, Cindy Walsh, Edith Constant, Lillian McKendree, Marguerite Wimbish, Ira Fisher, Lucile Conger.

All present report having spent a most delightful afternoon.

First Christian Church.

The pastor will speak at 11 a. m. and 7:15 p. m. Morning theme, "Closing the Gates of the Soul." Evening theme, "The World Perspective from the Cross."

Bible school 9:45 a. m. L. T. Walters, superintendent. Enthusiastic, spiritual, cheerful service. The orchestra will help in the music Sunday and all the singers are asked to help in the making of his praise glorious. Just one time a stranger.

C. E. meeting at 6:15.

Citizens.

If you are really interested in the matter of securing a Commercial College for Ada you will meet Prof. Lemon Monday morning at club rooms at 10:30 a. m. and give him a chance to explain to you that he only wants your co-operation in this matter. Your interest will be judged by your presence or absence.

NO DISCOURTESY

TO SENATOR GORE

This morning's Phoenix, in red headlines and in a column and a half article, declares that Senator Gore was given hours to get out of town by the Harmon men, and that he left hurriedly yesterday afternoon.

The article charges that Judge Robert L. Williams of the supreme court (ex-Governor Haskell and others, told Senator Gore that he must not speak a word for Woodrow Wilson.

There is no element of truth in the article. Judge Robert L. Williams was not in Muskogee yesterday as was alleged; Senator Gore did not leave the city yesterday, as alleged, but left this morning. Ex-Governor Haskell did not discuss the senator's activity for Wilson, and no one during the senator's stay here even intimated to him that he was not welcome or that he should not be actively engaged in the Wilson campaign.

Senator Gore will be in the state until after the state convention. He will be actively engaged all of the time in boosting Woodrow Wilson for president. He will make a few speeches and many visits. It may be that some of the Harmon men in the city would rather that Senator Gore did not take an active interest for Mr. Wilson. That is quite natural, but it is a cinch that none of the active men in politics are throwing any bricks at Senator Gore. The senator is playing third base in the political game. He is the senior senator from Oklahoma, it matters not who is elected president. After a man has been appointed by the president for office, has been endorsed by his congressmen, who plays first base, and by the junior senator, who plays second base, it will then be up to Senator Gore, who plays third base, to see whether or not the political aspirant shall score. With this condition well known, there is no active Harmon man or no man who expects office under the coming democratic administration, that will care to offend Senator Gore. Senator Gore is not more actively engaged in the work of boosting the Wilson campaign than are other state officials in the work for Clark, Harmon and other candidates.

Upon returning here it was found that the aunt seriously objected to the marriage. The niece and her fiance visited the aged lady and had a long interview, but she declared she would disown the girl and cut her off without a cent in her will if she married within five years, so the heiress made the sacrifice and the ceremony was performed; but the aunt did not attend and did not receive the newly wedded couple without receiving her blessings.

\$400,000 FOR HER HUSBAND

Young German Girl Forfeits Right to Marry Man of Her Choice—Met Him by Accident.

Galveston, Tex.—Isabella Koenig, a winsome girl of 20, gave up a fortune estimated to be worth about \$400,000 for the love of a young man she met while on her way from her home in Germany to join an aunt who had selected her as an heir.

The aunt, Mrs. George Elsberg, is a wealthy widow without children residing near Fredericksburg, Tex., and owns several farms and landed interests. She is 70 years old and has selected her favorite niece, the youngest daughter of her sister, living near Hanover, Germany, the heir to her estate, and arrangements were made for the girl to come over and make her home with her wealthy relative and become acquainted with the estate of which she would become owner upon the death of her aunt.

At Bremen the young heiress met and fell in love with Weldon Phillips, whose home is in Los Angeles, and who is employed in the real estate office of his father. Phillips was returning from a vacation trip and had engaged passage in the steamship Hanover, bound for Galveston. It appeared to be love at first sight for both the lovers.

Upon returning here it was found that the aunt seriously objected to the marriage. The niece and her fiance visited the aged lady and had a long interview, but she declared she would disown the girl and cut her off without a cent in her will if she married within five years, so the heiress made the sacrifice and the ceremony was performed; but the aunt did not attend and did not receive the newly wedded couple without receiving her blessings.

Ropes and Sails on Turkish Fleet Are Named for Vegetables and the Result Is Amusing.

London.—The discussion incident to the present unpleasantness between Italy and Turkey of the unpreparedness of the Turkish fleet has recalled an unusual difficulty experienced by the founders of the original Ottoman navy.

They were hampered by the fact that there were no words in the Turkish dictionary for the various ropes and sails of the warships of that day. An ingenious officer solved the problem by tying different vegetables to the various ropes and spars of the rigging, and the sailors received orders to "Hoist the Tomato!" "Let go the potato!" until a more formal vocabulary could be supplied.

Novel as this procedure was, it was not an imagination, as it was exactly the method adopted by Almeida, the Portuguese admiral and discoverer, when he was outfitting a fleet for just such a descent on the Turkish colony of Mozambique as the Italians made on Tripoli.

They were hampered by the fact that there were no words in the Turkish dictionary for the various ropes and sails of the warships of that day. An ingenious officer solved the problem by tying different vegetables to the various ropes and spars of the rigging, and the sailors received orders to "Hoist the Tomato!" "Let go the potato!" until a more formal vocabulary could be supplied.

It was at the beginning of the sixteenth century and Portugal still lacked a navy, and the Portuguese tongue was devoid of naval terms. The fleet did not daunt the doughty Admiral Almeida, and, hanging up strings of garlic and onions on the port and starboard sides, respectively, of his ships, he instructed his helmsmen to "garlic" or "onion" the helm, as necessity commanded.

JAVA GROWN TEA IS GAINING

It May Displace Japan Product in Popularity Before Long—Cultivation Increasing Fast.

The Hague.—Java comes immediately after Japan as a tea producing country and takes the fourth place in the tea exporting countries of the world, of which British India with Ceylon is first and China second. It looks now as if Java would soon beat Japan in the markets of the world, for the cultivation of tea is increasing rapidly, and the product is gaining in quality. At present the United States is the only nation to which Japan exports its tea and perhaps it will not continue to patronize Japan very much longer, because its tea has been found to be "colored" and is lacking in flavor.

In Java it is otherwise; both the government and the planters are cooperating to insure improvements in the growth, preparation and packing of the product. Java tea can now be kept for upward of two years and even improve in flavor by the keeping. This has been found out already in Australia, which promises to become the principal tea market for Java.

Tea grows exceedingly well in the Dutch Indies, especially in the Trenggalek province of Java, where there are already 400 tea estates. The export in 1910 was 41,000,000 pounds.

Raise Price of Shaving.

London.—There will be a host of new recruits to the ranks of those pains-taking individuals who shave at home if a proposed general advance in barbers' prices is carried into effect.

The executive committee of the London and Suburban Master Hairdressers' association is taking steps to ascertain what support raising the charges by 50 per cent., so that six cents would be charged, would receive from its members.

Many individual hairdressers have expressed themselves in favor of the higher price, for they find the increased cost of living demands an increased cost of shaving.

A NOBLE CITIZEN CLAIMED BY DEATH

Mr. R. V. B. Sweatt Passes Away After Brief Illness at Home of His Son in West End.

Again we are called upon to record the death of a pioneer citizen of Ellis county, a man honored and loved by a large circle of friends. Last Tuesday morning at 11:30 Mr. R. V. B. Sweatt died at the home of his son, George C. Sweatt, on West Main street. Deceased had been in feeble health for some time and a few days ago was attacked by pneumonia. His advanced age and general frailty made it impossible for him to resist the virulence of the disease and a quick dissolution followed. It was discovered on Sunday last that his condition was very serious and messages were dispatched to his children residing in Oklahoma some of them reaching his bedside on Monday morning, and all during the day and night the sick man was tenderly attended and his symptoms noted with great anxiety, and on Tuesday as above stated he passed away.

Doubtless there are very few citizens of the county who did not know Vann Sweatt; he had been a citizen of the county for many, many years, most of his active life having been spent in his quiet country home out yonder on South Prong or what has always been known as the lower Millford road. It was there that the writer first knew him and enjoyed his genial hospitality. Then his hair had not changed its pristine hue, his fine beard, was like the locks that crowned his manly brow; his stature was vigorous and strong. The years have passed and we have seen the frost of the recurring winters leave their records of age, but when last we met him on the streets just after the late Christmas holidays, we saw the summer of youth in his friendly smile and felt its warmth in the grasp of his wrinkled hand. He voluntarily spoke of those former times and mentioned the many changes which the passing years have wrought.

Deceased was born in Wilson county, Tennessee, in 1834. His people were among the pioneer settlers of that portion of his native state. His father, Edward Sweatt, moved to Texas in 1851 and purchased the large tract of land lying just south of this city, known as the Stewart league and containing 5,000 acres, for which he paid less than one dollar per acre. This body of land now embraces the prosperous homes of not less than seventy-five families and is of reasonable value not less than one-half million dollars.

A large portion of this body of land is still owned by the descendants of the original purchaser, among whom are the heirs of the late Col. R. A. Davis. Mr. Sweatt resided on a portion of this land from his youth up to a few years ago, when he came to town to make his home with his children. He was a Confederate veteran and one of the most upright and honorable citizens Ellis county ever had. He loved his friends, and they are many. He was a man of strong character and pleasing manner. He has reared a large family of children, most of whom survive him, and he leaves them a noble example of ideal citizenship.

Funeral services were held Wednesday evening at 3 o'clock at the residence of his son, County Tax Collector Geo. C. Sweatt, after which the remains were conveyed to the city cemetery, followed by a large procession of friends and acquaintances, where they were laid to rest, there in that silent congregation of the dead where a large number of his kindred sleep, together with many of his former friends whom he helped to bury. May peace lie with him on "The lone couch of his everlasting sleep." Waxahachie (Texas) Herald.

Judge R. M. Rainey was in town a few hours this morning en route from Wewoka to Atoka. The judge is an enthusiastic Clark man, and stated that seven out of ten delegates from Atoka county to the state convention are of the same faith and order.

Mineral Notes from Ravia.

Back again, on the 20th, I visited Ravia, they had just emptied one solution tank at the cyanide plant, and a good gold color was obtained. Prof. Fisher informed me that they were going to get their runs all out about the second of February. They intend to make a clean up and expect to get a gold brick worth at least one thousand dollars. The business men and newspaper reporters of Dallas, St. Louis, Kansas City, Ft. Smith and other points will be there next Wednesday to see the results obtained. It will be a day to be long remembered as the pioneer opening of the mining fields of Ravia, Okla.

W. R. Smith was in Hugo the fore part of the week.

S. H. Ballard was out of town on some business matters.

Mr. Fisher says that he has the

Women!

If weak, you need Cardui, the woman's tonic. Cardui is made from gentle herbs, acts in a natural manner, and has no bad results, as some of the strong drugs sometimes used. As a medicine—a tonic—for weak, tired, worn-out women, Cardui has been a popular success for over 50 years.

Take CARDUI

The Woman's Tonic

Mrs. Lula Walden, of Gramlin, S. C., followed this advice. Read her letter: "I was so weak, when I first began to take Cardui, that it tired me to walk just a little. Now, I can do all the general housework, for a family of 9." Try Cardui for your troubles. It may be the very remedy you need.

promise of a fine dinner to be given by the St. Louis boys when he produces a gold brick. He is going to St. Louis to get the dinner.

Assayer Allison reports that the average assay for the field is better than \$8 per ton, many of the tests being from float and practically all surface ore.

Mr. Underwood has his shaft down to a depth of 12 feet and the average run is \$4.20. The opening is 8x12 feet. Mr. Underwood sees better times ahead of him.—A Prospector.

Your Head Aches
